

## SYGA10646

With its stable material construction and sensitive tips, this rod will let you feel even the slightest nibble on the line. You won't have to worry about missing any fish when you use this rod – it's guaranteed to help you catch more fish than ever before.

One of the most sought after game fish across North America is the bass. When it comes to bass fishing, using traditional fishing poles may be an extremely difficult experience. They are typically too light and lack the appropriate action, which means that they are prone to bending and breaking when you attempt to put the hook on the fish. There are fishing rods that are made expressly for bass anglers, you will be able to feel even the tiniest bites on account of the strong yet sensitive blank that this rod possesses. This will allow you to swiftly set the hook and bring your target to the boat. In addition to that, it is offered in a wide range of hues and dimensions, allowing you to pick the version that is most suited to your own taste.

This rod, with its quick action and sensitive tip, provides you with the power and precision you require to successfully land even the largest bass. And with its' fast action, which guarantees that your lure will remain in position until a fish bites. It is also constructed with durability in mind, which means you can handle whatever punishment you dish out.

**Available Models**

Item No.	Type	Length
SYGA10580-1	Spinning	1.98M
SYGA10580-2	Spinning	2.1M
SYGA10580-6	Spinning	2.4M
SYGA10580-7	Spinning	2.7M
SYGA10580-8	Spinning	3.0M
SYGA10580-9	Spinning	3.3M
SYGA10580-10	Spinning	3.6M
SYGA10580-3	Casting	1.98M
SYGA10580-4	Casting	2.1M
SYGA10580-5	Casting	2.4M

## Packaging

Packing Method: Portable PVC tube with 600D oxford fabric  
 Packaging size:

SKU	Packaging Size(cm)	Gross Weight(g)
A10646-1	64*7.5*7.5cm	596g
A10646-2	64*7.5*7.5cm	600g
A10646-3	64*7.5*7.5cm	606g
A10646-4	64*7.5*7.5cm	606g
A10646-5	73.5*7.5*7.5cm	631g
A10646-6	73.5*7.5*7.5cm	640g
A10646-7	84*7.5*7.5cm	741g
A10646-8	84*7.5*7.5cm	753g
A10646-9	98*9*9cm	760g

## Product Features

Utilizing a winding structure made of 30T carbon fabric to assure the rod's sensitivity and strength.

Fuji guides ensure smooth casting while maintaining the casting distance by reducing line friction and smoothing the line across, "O" guide also provides better resistance to oxidation and abrasion

Use a reel seat made of high-strength nylon, which is solid, robust, and long-lasting, EVA grip for a more cozy hold.

It is designed to feel more like fishing with a single rod thanks to the fact that different areas of the spigot ferrule gap have been reserved so that force can be transferred more effectively.
