SYGTM

INTRODUCTION

SYG Tackle stands as a premium OEM in the realm of fishing lures and accessories, with a special focus on crafting hard baits, spinner baits, metal jigs, and squid lures. Nestled in the picturesque city of Weihai, our dynamic team of 200 dedicated members brings together a robust R&D department and a stringent quality control system.

Our unwavering commitment ensures that we continually deliver outstanding products and superior service to our valued clients. With a global footprint spanning Japan, Australia, Europe, and the USA, we're proud to say that our excellence in quality, paired with our impeccable reputation, is sure to meet your highest expectations..

JERKBAIT SERIES

Jerkbait series lures perform very well when retrieving and like a real fish when jerking. Most of the series have a magnet weight transfer system. It is suitable for both salt water and fresh water. It's very popular with the public as it is easy to operate.

MSL 50(TPE)/MSL 70(TPE)

Model	Size
MSL 50 (TPE)	50mm
MSL 70 (TPE)	70mm

INSTRUCTION:

- The legs are stuck on belly of lures, do it according to pictures below:

- The design of the legs is total different from normal ones, not only suits for kinds of squid jigs, but also a new option for Jerk bait series.

- The legs will vibrate like real shrimp legs to attract fish easily when lure sinks or swims slowly.
